Rogers can be used and not conflict with
the intention of the Honor Report That we
have given the subject our deliberate con-
sideration and after a careful examina-
-tion of the clause in said Will by which
said legacy was given are united in
the opinion that it was not the intention
of said Donor to confine the income of
said fund to those cases of entire des-
titution which require total whole support
from their Friends But that it was his
intention that assistance should be affor-
-ded to those who might be found to be
in somewhat straitened circumstances
and to stand in need of partial assis-
tance from Friends and to be done
by the direction of the Monthly Meeting
as expressed in said Will and that
it was his intention that the income of

provided such cases should occur as
are of the above description and in
the event of no such cases occurring
we see no other alternative but to
suffer said fund to increase until
they do or apply to the Meeting for suf-

would recommend for the Meeting to pur-
